Dedication

Because of her wonderful enthusiasm, help and guidance through our school days we with thankfulness in our hearts sincerely dedicate this 1953 edition of "The Beacon" to Mrs. Anne Mitchell, one who has not only helped us in our school work but also left an impression of what a real person really stands for.

Recognition

With great thanks for all they have done for the school and community in works of their hands and the great examples which they have set we wish to give special recognition to Mr. "Doc" Ketchum and Mr. "Pee Wee" Walker just to let them know that we all think that they are great.

Class Will

On this first day of April, in the year of our Lord Nineteen Hundred and Fifty-Three, we, the SENIOR CLASS of Everman High School, being of sound mind and having been examined for sincerity by Dr. N. O. Nothing, do hereby will and bequeath the following to members of the graduating class of next year.

Zonita Easter bequeaths her hilarious howl to another timid little critter, Shirly Maddox. Further, she leaves her ability to get along with boy-friends to Martha Browning.

Hal Vaughn requests that his bold ways be given to Jimmy Bradford. In addition he wills his ability to run from girls to Wilburn Farris.

Shirley Wall desires to donate her school tardiness to Patsy Walker, with the thought in mind that it is better to be late than never. She also gives her ability to choose "chic" clothes to Martha Bean, with the reminder "Men can be won with clothes".

Jimmy Swindal has decided to bestow his sideburns upon Chester Winnett and his love for food to Billy Cribbs.

Roger Stevenson suggested that Jim Malone take his jump shot in order to prevent his rope jumping from becoming a permanent thing. Roger decided further that Jim Lindsay should have his interest in Cadillacs with this added bit of caution "It's not the Cadillac, it's where it will take you".

Harold Langley chose to will to Dale Malone his ability to balance a bank book, as a Senior Class Treasurer need never be "broke". Also, he wills to James Duke his award for citizenship.

James Thorpe wills his love for "40" Fords to Gerald Bauer. Furthermore, Charles Satterfield is to receive his desk in the study hall, knowing that he can appreciate the saying "It's not the desk, it's the scenery around it".

Bill Cook shows fond affection for Richard Almond while leaving him his love for golf with this reminder, "It may not make you a "Pro", but it's fun"

SYMBOLS OF YOUR MODERN ELECTRIC SERVICE

AS AMERICAN AS A HOT DOG

The hot dog is a familiar part of American life. Most of us take for granted that when we want one we can get it—almost anywhere. We can depend on the availability of the American hot dog in this country—it is part of the American scene—and we like it.

Electric service, too, is a familiar part of the American pattern. Can you imagine your home—or your work—without the convenience of electric service? Everyone takes the availability of electric service for granted. And you can take its economy for granted, too.

The savings of thousands of people are invested in the securities of Texas Electric Service Company. These savings bought power plants, electric power lines and other equipment —equipment that is operated by the men and women of Texas Electric Service Company to provide you with dependable, economical electric service.

Money, materials and man-power are joined under our American free enterprise system to bring economical electric service to you. This system is just as much a part of the American scene as the hot dog—it's the system which has given us Americans more of the many fine things which make us healthy, comfortable and strong—more than any other country in the world.
